

William C. Scott easily re-elected

Progressive Conservative candidate William C. Scott was re-elected on Monday night for his fourth successive term as Member of Parliament for the riding of Victoria-Haliburton.

Bill Scott who is very popular in this riding first took this seat in 1965 and in 1968 he beat out Liberal David Logan by 2,400 votes. In the 1972 election he doubled the count on his closest rival Liberal David Walling.

The following are the final returns for the Victoria-Haliburton Riding: William Scott, (PC), 16,523; David Walling, (Liberal), 10,563; Maurice Windatt, (NDP), 3,939.

Monday nights results left Canada with a majority Liberal government and once again Victoria-Haliburton's Bill Scott will enter the House of Commons as a member of the official opposition.

Construction is continuing on the filtration plant at Haliburton which is in conjunction with the Haliburton sanitary sewer system which is being installed. Engineer Robert Bendeich of Heathrow Construction checks the drawing while the rodman moves to another location. Shovel and cement pouring operations continue in the background.

Minden OPP report

Man killed in motorcycle accident

Michael C. Carter, age 28 of Oshawa, employed by the Metro Police Department was fatally injured in a motorcycle accident on the Brady Lake Road on Sunday July 7. The eastbound vehicle got into some loose sand and gravel, travelled over an embankment, rolled over and came to rest on top of the driver. Dr. E. Christiansen was the atten-

ding coroner, and Constable R.V. Telford investigated the accident.

Charges are still pending against a Haliburton woman, Violet J. Cowen in connection with an accident west of Haliburton on Sunday evening. Mrs. Cowen, whose northbound vehicle crossed the southbound lane, entered the ditch and hit a rock cut, was taken to Haliburton Hospital for treatment for bruises.

By presstime, no charges had as yet been laid against 34 year old Peter Crawford of Toronto who was seriously injured in a one-vehicle accident on Saturday on Highway 35 north of Wren Lake. Crawford's southbound motorcycle drove on the west shoulder, struck a guide rail and flipped along the west shoulder. Crawford is listed in serious condition in the Ross Memorial Hospital.

Lindsay. Cpl. J.W. Dunn of the Minden Detachment investigated.

Charges of careless driving and operating a motorcycle without an endorsement on his driver's licence were laid against a twenty-three year old Oshawa man as a result of an accident on Highway 35,

half-a-mile north of the North Shore Road. David R. Palmer was northbound on Highway 35 when he failed to negotiate a curve, and entered the east ditch. Palmer was thrown from the vehicle which rolled over several times. Constable J.R. Solway investigated, and estimated damage at \$1,500.00.

Storm causes minor damage

Minden OPP report no major damage as a result of last Thursday's storm with only a few trees down.

Coboconk OPP report a similar situation with the only major concern occurring from the 3:00 p.m. storm being the loss of hydro for approximately two hours due to a tree falling on power lines just south of Coboconk. No loss of telephone service was reported.

Both report no traffic accidents as a result of the storm.

Fire destroys cottage

The Kennis Lake Fire Department in co-operation with the Haliburton Fire Department attended a fire at the cottage of Mr. Joseph Winers on Kennis Lake.

The blaze was first noticed at 12:30 a.m. on Friday, July 5 by Debbie Everett and Mark Wood from the Shopping Centre.

The Kennis Lake Department was there within minutes and a call was sent

out for the Haliburton Fire Department as well.

Wilf and Larry Everitt of the K.L.D. were assisted by Ted Rule, Mark Wood, Claude Carrier and Roy Pogue.

The cottage was completely destroyed and the total loss was estimated at \$30,000.00. The fire was contained to the cottage and the trees on the lot were saved.

Manager appointed

The new manager of the Bank of Montreal's Haliburton office is Ron J. Hore, formerly in charge of the Belleville Branch.

Mr. Hore whose home town is Kitchener-Waterloo joined the Bank of Montreal in 1957 and has been with them for seventeen years. He was manager of the Bobcaygeon Branch for two years before going to Belleville. Haliburton is his tenth branch.

Before coming to Haliburton he was an active member of the Kinsmen Club, Kiwanis Club and the Chamber of Commerce. He is very interested in the outdoors and camping.

Mr. Hore and his wife Barbara have five children, Scott 13, Cindy 11, Colin 10, Shelly 7 and Christine 4.

We wish to welcome Mr and Mrs Hore and their family to Haliburton and hope that they enjoy living here in the community.

Haliburton Highlights

The two Haliburton teams in the Haliburton county Softball League must be wondering if it will ever stop raining. On two different occasions last week Vasey's Midgets and the Haliburton Huskies started to play their scheduled games and both times they were rained out.

Art Ward informed the members of the Rotary Club of Haliburton that the new double tennis court to be constructed at Rotary Beach in Haliburton will soon be underway.

The coloured lights which were taken down for sanitary sewer construction on the main street have now been put back in place.

Final plans are being made for the Annual Haliburton Legion Carnival which will be held in Haliburton on Wednesday July 24.

Some of the hockey instructors at the Haliburton Hockey Haven last week were Gary Neeld, Johnny Bower, Nick Beverley and others.

In last weeks Echo we stated that Beryl and Jim Moon were the new owners of the Haliburton Speed Wash. We were in error. the Speed Wash is owned by John Beachli, and Mr and Mrs Moon are just operating it for Mr Beachli for the summer months.

Legion sponsors track club

The Haliburton Branch 129 of the Royal Canadian Legion is financially helping the newly formed Haliburton Highlands Legion Track and Field Club with its affiliation with the Canadian Track and Field Association and travel for the athletes to meets throughout the province.

Last weekend Henrietta Van Lieshout competed in the Central Ontario Regional Bantam Championships held at Centennial Stadium in Etobicoke, while not qualifying for the Ontario Championships Henrietta set personal best times in both the 400 metres and 800 metres with times of 1:10.7 and 2:45.1 respectively.

Fourteen athletes competed in the weekly meet at Bancroft and after attending this meet for the second time following are H.H.L.T.C. top competitors in each age class with their accumulated points.

Mite girls, Louise Newton (5); Type Girls, Dana Collwer (20); Type Boys, Tony Van Lieshout (19); Atom Girls, Margie Newton (21); Atom Boys, Tony Scheffee (8); Bantam girls, Henrietta Van Lieshout (31); Bantam Boys, Mike Scheffee (8); Midget Girls, Karen Thompson (6); Midget Boys, Steve Colliver (24); Juvenile Girls, Wendy Gough (38); Juvenile Boys, Paul Fleming (44); Junior Girls, Sharon Boughner (16).

Practices are held on Tuesday & Thursday evenings from 7 to 9 pm at the Haliburton Highlands Secondary School. Any persons interested in competing or to help on the executive of the club please contact coach, Bob Colliver at the track or phone at 457-2547 for further information.

Red Cross Auxiliary has meeting

The Ladies Auxiliary to the Red Cross Hospital, Haliburton, held a meeting, Tuesday, June 4, 1974 in the Hospital Board Room.

It was decided to look into the possibility of having post cards printed with the Hospital picture on it.

Five small fans will be purchased for the Hospital rooms.

A bake sale will be held Friday, July 19, 1974 at 2 pm in Steinberg's parking lot with all proceeds to go to helping the Auxiliary with their work.

The Eagle Lake ladies were complimented on the table favours they have been making for patients trays on all special occasions.

The visiting committee is now visiting twice a week and the knitting committee is managing to keep up with booties that are being given to each new baby born in the Hospital.

The next meeting will be held Wednesday, October 2, 1974 at 2 pm in the Hospital Board Room.

Stompin Tom Connors the man everyone has been waiting to see and hear is coming to the Minden Arena on Friday, August 2. It's the one and only Stompin Tom Connors. He has been a big draw all over the country and it should be a sellout when he appears at the Minden Arena. Advance tickets are \$3.00 (and it's \$3.50 at door if tickets are available.)

By Scotty Morrison

NHL rules will change Rotary members told

The upcoming National Hockey League season will see several rule changes according to Scotty Morrison referee in chief of the N.H.L. who addressed the Rotary club meeting held in Haliburton last Thursday night.

One of the changes coming up will be a penalty for head butting and the player will be off for five minutes and if it is a match penalty it will mean ten minutes. Another rule change coming up according to the referee in chief spells out clearly that if a player who receives a minor penalty doesn't go directly to the penalty box bench penalty will be assessed to his club and this means that they will be playing two men short.

Scotty told the members that a contract had been worked out between NBC and the National Hockey League to once again have the game of the week televised on Sunday afternoons starting at 4 p.m. The NBC have laid down ground rules that clearly state no game shall go over two and a half hours in length. In an effort to speed up the game without too many delays a rule will come into effect stating that there will be no warm up for a substitute goaltender.

The speaker went on to say that the past hockey season was a year of big money, year of the Philadel-

phia Flyers, year of streakers and a year of referee baiting. Touching on the above topics he pointed out that a great deal of credit must go to the Philadelphia Flyers who in six years worked their way up to win the Stanley Cup. He had high praise for their leader Bobby Clarke and the other members of the team. With the W.H.A. and the N.H.L. bidding for the players they can now demand good money.

Speaking on the subject of streaking he said that streakers also were in evidence at N.H.L. games during the past season with a girl streaker at a game in L.A. and three girl streakers came out while a game was in progress in Vancouver. He spoke on the subject of the controversial Dave Schultz of the Flyers and stated that when Schultz makes up his mind to play hockey he can be one of the best in the game.

Scotty also touched on such topics as the present Ontario court hearings on the violence in hockey, the upcoming series between the Russians and the W.H.A., the death of Tim Horton and the subject of reporting by the press.

The speaker was introduced by Joe Iles and thanked on behalf of the club by Art Ward.

Sports with Cliff Burke

Championship play will be keen

Local leagues and associations are now well into their playing schedules, as a means of ultimately declaring representative teams to contest Championship Play. Mid-August will see the keen rivalry of league competition separate the "wheat from the chaff".

Special Dates and Items: May I draw the following important items to your attention:

No player may be signed to a C.A.S.A. certificate after July 15. The C.A.S.A. and O.A.S.A. copies of all certificates must be forwarded to the OASA Secretary, by July 15.

All teams must be ready to face O.A.S.A. play-off barrier by:

Senior A, September 1; Senior B, August 20; All Intermediate, August 14; Junior to Squirt, August 7.

The above dates are guidelines and are subject to slight alterations in order to meet OASA commitments.

The team portion of the CASA certificate must be

produced at OASA games.

Proof of birthdate for all players on Junior, Juvenile, Midget, Bantam, Pee wee and Squirt Series must be produced on demand prior to play-off games.

The "Residence Rule" must be enforced locally.

All-Star teams are not acceptable for OASA competition except by special Executive approval; or in accordance with O.A.S.A. constitution.

LOCAL SOFTBALL

In an exhibition Senior Softball game played at the Minden Fairgrounds on Monday evening, Gull River Buildall edged Fenelon Falls' Palmer Electric 6-3.

Bob Austin led the Builders offensively. He had a homer, triple, walked once, scored all three times and also drove into two runs.

Builder's pitcher, Rick Hartwick continued his fine pitching, as he tossed a three-hitter at Fenelon. Rich also had twelve strike outs and walked three.

Fenelon's George Sheehey

was the losing pitcher, giving up six runs on thirteen hits, walked one and struck out three.

In local Senior league action this past week, West Guilford Redmen handed Dominion Hotel Shufflers their first loss of the season 4-0, in Minden.

Craig Stamp came up with an outstanding pitching performance for the Redmen, striking out eleven Shufflers. He gave up three scratch singles and walked three.

The Redmen got all the runs they needed in the second inning on three straight singles by Craig, Floyd Henry and Paul Sisson plus two infield errors by the Shufflers. The Redmen added an insurance run in the fifth when Bob Woodcock walked, stole third on Wade Stamps single and then scored on another single by George Nichols.

The Shufflers Jack Snell took the loss, allowing nine hits, two walks and struck out three. Jack also picked up two of the three hits Dominion got off Craig, with Dave Trepanier getting the other.

On Sunday evening in West Guilford the Redmen won their fourth in a row and pulled to within two points of first place Dominion Hotel. Their latest victims being Gull River Buildall, 7-3.

Once again the Redmen went to the long ball to win their game. George Nichols led things off with a homer in each of the third and fifth innings, to raise his season total to nine. Craig Stamp notched his tenth in the fifth and Paul Sisson smashed a two-run homer in the sixth, his fourth of the year. The Redmen now have a league-leading thirty homers in fifteen games.

Wade Stamp picked up his fourth victory of the year for West Guilford, while Gull Rivers Rick Hartwick suffered his third loss.

On Sunday evening in Minden, the new Haliburton County Ladies League got under way. I don't have too much information on this league as yet, except that there are four teams, Minden, Haliburton, Carnarvon and Gooderham. Next week's column will feature game results and the league schedule.

1874 - 1974

PROVISIONAL COUNTY OF

haliburton

... where life is living - for everyone

News Letter

Haliburton County had a wet spring and the summer here has started off the same way. We have had some pretty good storms recently which have resulted in some property damage. On Tuesday evening July 2 a cottage on Koshlong Lake was struck by lightning which resulted in calling out the Haliburton Fire Department.

Murray Cowen and his horses have done it again. On Sunday, June 30 he had his horses entered in the Horse Drawing contest at the Dominion Celebration at Wilberforce and they placed first in the light class and first in the heavy class. On Monday, July 1 they repeated the same performance and took first prize in both sections at a horse drawing contest at Norland.

The advance polls held previous to the Federal Election in Victoria-Haliburton riding saw one of the greatest turnouts on record. There were six advance polls in the riding. They were at Lindsay, Beaverton, Bobcaygeon, Cannington, Fenelon Falls and Haliburton

There is a by law which prohibits the running loose of dogs in the Municipality of Dysart. You would never know it if you happen to be in Haliburton any day of the week. Dogs in large numbers are roaming the streets unattended and one day last week several were noted on the main street. To top it all off two dogs had a real fight on the main drag during one of the busy afternoons. It is just about time that the owners of these dogs kept them tied up and it is just about time they were picked up and the owners should receive a stiff fine. Let's see some action on this matter.

In speaking with some businessmen throughout the County they told the Echo that unless there is a drastic change that from a business standpoint this isn't going to be a record summer. The bad weather conditions gave us a very slow spring and the weekends up to this time haven't been all that big.

The second play of the Haliburton Summer Theatre will be on at the Haliburton Highlands Secondary School this coming Monday evening, July 15 with curtain time at 8.30 p.m. The play is entitled **The hand that cradles the rock**. This is the story of a young Toronto couple, and the confusions that arise when the baby comes and the wife's career suddenly takes off. One of the funniest and most imaginative plays seen for a long time, it has been a hit all over the country.

The Haliburton Highlands Pioneer Museum at Haliburton is open from now until Labour Day daily from 1 to 5 p.m. and on weekends in September. Why not drop over and look around and you will be surprised at what is in store for you. The admission is 25 cents for adults and 10 cents for children.

Water is fun, but it demands respect. It is only common sense to make sure your boat has the proper emergency equipment on board before you start out. A bailing can, an anchor and a paddle are musts.

Opened Monday night

Kawartha Theatre presents eight plays

With Ontario's two great Festivals of Theatre, Stratford and Shaw, underway, the Province's third largest summer theatrical venture, the Kawartha Summer Theatre is in full preparation for its opening on July 8th.

Entering its ninth season, the Kawartha Summer Theatre will present eight plays between July 8th and August 31st with Monday night previews in Haliburton Village.

Leading the Kawartha

company this year is Jack Northmore. Mr. Northmore is a veteran of the stage and television. Beginning as a singer he worked in Canada, the United States and Europe. He was one of the Billy Van Four, has been seen on almost all the Wayne and Shuster shows, was a supporting actor at the Charlottetown Festival and, last year, went to Winnipeg to star in "Annie Get Your Gun" for Rainbow Stage. He has appeared in

every regional theatre in Canada and will be with the company in Lindsay for the summer.

Returning for a second year is Robert Haley. In the winter he played in Western Canada, and was cast as Mark Anthony in the Vancouver production of Julius Caesar. He has been at Calgary, Edmonton and Winnipeg.

John Hamelin, a cast perennial comes back to Lindsay after a winter at Charlottetown. He drew rave reviews for his portrayal of Malvolio, and in a summing up artists in Entertainment Atlantic it said, "John Hamelin...was named the star. Officials of the Centre rate this young actor as one of Canada's brightest hopes for the

future."

The three actresses of the permanent company this year are newcomers. Margaret Bard is a National Theatre School graduate and has done most of her professional work in theatres in the West. She has played leading roles from the Manitoba Theatre Centre to the Vancouver Playhouse. Davina Turvey is from London, Ontario. She teaches, has appeared on radio and television and recently in performances for Theatre London.

The Kawartha Summer Theatre is delighted to present Miss Karen Hamilton of Toronto. A perennial award-winner in the Simpson Sears Collegiate Festivals, from Don Mills Collegiate, she studied at the Conservatory in Toronto and then went to The Royal Academy of Dramatic Art in London, England. There she graduated with honours, won the Arthur Talbot Smith award and has now returned to Canada. She will be seen in seven of the eight plays.

The Kawartha Summer Theatre opens on July 8th with "No Sex Please, We're British". In the following weeks the plays are "The Hand That Cradles the Rock", "Thark", "Arsenic and Old Lace", "The Sleeping Bag", "Prisoner of Second Avenue", "The Secret of the Spyglass" and "The Apple Tree".

Billings, Nesbitt are guest performers at Bobcaygeon

Wendy Billings and Leroy Nesbitt will be guest performers at the "Kawartha Lakes-Ontario Open" Fiddle and Step Dance Contests being held at Bobcaygeon, Ontario, on July 27th, 1974, in the Community Centre.

This is the fifth consecutive year for this annual "Ontario Open" Fiddle Contest, and by very popular demand the Contest Committee has been asked to add Step Dancing to their program. They didn't have to be coaxed too long or too hard because everyone knows that Fiddling and Dancing go "hand and foot" together. As a result the

"Ontario Open" Step Dance Contest has been born.

Wendy and Leroy are the children of well-known area residents, Mr. and Mrs. Sinclair Nesbitt of Minden, Ontario. Neither are strangers on a stage - they have performed at many community and area programs.

Bobcaygeon is both proud and pleased to welcome both Wendy and Leroy, and to present them to their Contests' patrons. They'll be singing both by themselves, and together - either way their delightful songs will be a treat you won't want to miss. See you there!

THOMAS CHANDLER IN HALIBURTON

The Provisional County of Haliburton is named after Judge Thomas Chandler Haliburton who in 1861 became the first Chairman of the Canadian Land and Emigration Company, concerned with the management and development of lands and populating part of the area with emigrants. Thomas Chandler Haliburton was born in 1796 in Nova Scotia where he served as Judge of the Supreme Court and was the first Canadian author to gain reputation outside his own Country. He was a historian and a humorist, possibly best known for more than fifty editions of works on Sam Slick, whose sayings are still in common use - such as "An ounce of prevention is worth a pound of cure", "Facts are stranger than fiction", and "Circumstances alter cases".

The Haliburton family is commemorated by a Museum at Windsor, Nova Scotia, which is open to visitors with free admission from May 15th to October 15th. After the death of Judge Haliburton in 1865 his widow placed an organ in St. George's Anglican Church in the village of Haliburton in his memory.

COMING CENTENNIAL EVENTS:

Saturday, July 13: Centennial Children's theatre "Modern Fables" at Minden Community Centre - 2 p.m. with tickets available at libraries.

Wednesday, July 17: Centennial Garden Party by U.C.W. Minden on United Church Lawn, Minden.

COUNTY ... where life is living - for everyone

Editorials

Ball park needs large scoreboard

We have been attending several ball games played at the Haliburton Ball Park and we find these games played in the Haliburton County Softball League very interesting and exciting. We urge you to follow the schedule and to attend these games.

The six teams that make up the league are supplying some heads up ball and these teams and players are deserving of your support.

Speaking of the Haliburton ball park we find that the outfield and the infield have been kept in excellent condition and it is really thrilling to see a game played under the floodlights.

One thing that is sadly missing at the local ball park is a large scoreboard. It is very hard for the spectators to keep up with the score of the game when there is no scoreboard to look at.

We have been taking to some of the local softball enthusiasts and they tell us that it shouldn't be too long before a scoreboard is erected.

Weather main hazard for pleasure boaters

The Ontario Safety League emphasizes the need for pleasure boaters to realize that weather is the main hazard which must be considered at all times except when boating in confined waters such as small lakes and rivers.

Even large craft have come to grief in heavy waves because a hatch or cabin door has been left open allowing the vessel to fill up with water and founder before the operator realized the danger. Small, open boats are even more vulnerable but the danger is also more obvious. It is unexpected and sudden storms which present the greatest hazard to smaller craft.

The Ontario Safety League advises all pleasure boat operators to check the weather before starting on any extensive trip, be sure you have an adequate number of life-jackets aboard that are in good condition, and if heavy winds or waves are encountered, put the lifejackets on before the danger becomes acute. Research proves that practically all victims of boating accidents were not wearing lifejackets when the fatal accident occurred.

Echo deadline

Through our editorial page we would like to remind all our readers and advertisers that the deadline for news content and advertising material is Monday at 5 p.m. We must keep this deadline if the paper is to be on the street by Thursday morning at 9 a.m.

We are finding that most of the material is not reaching us until Monday and as you can well imagine it's a big job to get it all sorted out and ready to go by our 5 p.m. deadline.

It would really be appreciated if everyone would make an effort and try to get the news and advertising to us before Monday if possible. It would certainly be a big help to us.

We certainly appreciate receiving news from you and without our advertisers we could not carry on with the printing of our newspaper. So again may we thank you for your support.

While we are still on the subject of our newspaper may we also remind you that letters to the editor are always welcome. There are always several controversial subjects on the in the County so why not voice your opinion on these matters by writing a letter to the paper. Remember these letters must be signed by the writer.

Where the "big ones" lurk. View on Paudash Lake, Haliburton Highlands.

Letters to the editor

To the editor:

This past week, I had the misfortune of having my summer cottage struck by lightning. Although it is a considerable distance from town and the roads are rough, the Haliburton Fire Department was there in a remarkably short time, and handled the situation with thoroughness and consideration.

It is impossible to express how deeply I appreciate the service of the Fire Department and the kindness of the men attached to it. My family and I continue to be the proud "part-time" residents of Haliburton that we have been for seventeen years.

Lorna Evans

To the editor:

Readers of *The Echo* might wish to think about some potential impacts of "progress" and the automobile on a small but scenic and hitherto happy part of Haliburton. Ingoldsby and its steel bridge span the Narrows between Lake Kashahagawigamog and Canning Lake. Boaters who have travelled the length of this outstandingly beautiful chain of Haliburton lakes from Haliburton village to the Minden Arm will recall the venerable but still sturdy structure at the foot of Lake Kashahagawigamog.

The bridge and a large part of the fabric and charm of the little community of Ingoldsby face destruction.

The road around the lower end of Kashahagawigamog has been taken over by the county of Haliburton and is to be widened, straightened and made smooth for more and faster and heavier traffic. The old bridge must go. Seems old folks and old bridges go out of style together.

The decision to remove the bridge and replace it with a something a little more like a rifle range requires the concurrence of the district engineer of the Ontario Ministry of Transportation and Communication, Hon. John Rhodes, Minister. That has probably been had and will require some undoing. **But it can be done.**

A heavy and destructive secondary impact to which the Highlands are more susceptible than counties to the south—gravel mining—will be an inescapable side effect of this road building project. The open sores of past gravel and aggregate mining in Ingoldsby are still painfully evident. One lies beside the Ingoldsby cemetery, two are almost adjacent on the Gelert Road. A new "borrow pit" opens off the road itself. A crater as desolate as anything on the moon still flanks the road, a relic of the last round of Ontario highway improvement.

Come on a still August evening and just follow your nose to another eyesore the perennially blazing Ingoldsby dump. The worked out gravel pits will lie before your watering eyes.

The Ingoldsby bridge and road construction and its attendant depredations on hillsides of the area are a needless, senseless and costly extravagance whose ultimate effect will be to further increase taxes and dehumanise

another tiny Highland community. It will direct traffic flows at higher speeds and at almost predictably higher hazard to human life through a hitherto peaceful residential community with a modest renown as a place of scenic beauty (what's left of it).

It is interesting to note that in the State of Vermont, to which many of the county's UEL pioneers trace their ancestry, the steel bridge is being preserved as an historical artefact and scenic attraction.

The big new road will connect no place of great note with any other place. The old Dancey place fell down in 1948. The Lochlin Public School closed several years ago. Getting from one place to the other has not been a major problem to my knowledge. There is no evident transportation or economic rationale to justify this assault on the landscape. Focus for roads serving this side of the lake is probably Lochlin. If we want passenger trains back in Haliburton new roads should be planned to serve places like Lochlin which is on the railroad.

Who wants a new bridge anyway? Nobody local seems to have asked for it.

Well, "at all levels of government, departments of transport pursue transportation objectives exclusively," says one university professor. "Never mind if they wipe out communities, destroy water fronts, deafen us around airports and pave our countrysides over with highways. The more of this they do, the stronger the department grows."

How to stop this project? It's pretty late. The county has already passed a bylaw allowing cash to be spent on the "design" of

HALIBURTON COUNTY ECHO

"The voice of the Highlands."

Established in 1882 as the Minden Echo and Haliburton Recorder. An independent weekly newspaper serving Haliburton County for 93 years and published every Thursday by Algonquin Graphics Ltd. at Highland Street, Haliburton, Ontario.

Large crowds attend art show

Two visitors from Ottawa and Cameron are shown admiring the work of Barbara Peel and Pat Irwin who were first and second place winners in ceramics.

Barbara Peel is shown demonstrating the art of pottery which fascinated the children at opening night of the Summer Exhibition and Sale.

The Summer Exhibition and Sale which is sponsored every year by the Haliburton Highlands Guild of Fine Arts ended on Tuesday evening. The Arts show which was held at the Haliburton Highlands Senior Elementary School in Haliburton has become known as one of the best in Ontario.

Right from the official opening which was held on Wednesday, July 3 large crowds turned out on practically each day of the Summer Exhibition and Sale.

On opening night scholarships and awards were presented to the children who submitted winning entries in the recent art contests

held in elementary schools in Haliburton County. The scholarships will entitle the children to attend the Summer School of Fine Arts a programme of Sir Sandford Fleming College, held in Haliburton.

The guest speaker on the opening night was Mr. Taizo Miake, who has just set up the World Craft Exhibition at the Ontario Science Centre.

One of the main objectives of the Summer Sale and Exhibition is to show the public high quality work, encourage new artists and craftsmen and try to get more people interested in the creative Arts.

Mr. Dick Tustin is shown working on custom jewellery at the Haliburton Highlands Guild of Fine Arts Summer Sale and Exhibition which was held at the Senior Elementary school in Haliburton from July 3 to 9. Some young admirers are looking on.

Some of the visitors at opening night of the Summer Exhibition and Sale held at the local Senior Elementary School are shown viewing some of the art work which was on display.

Letters to the editor

continued from page four

the new bridge. But here are some suggestions:

1. Write to Hon. William Grenville Davis, premier of Ontario, Premier's office, Queen's Park, Toronto. Tell Bill about it. Don't think it hasn't an effect.

2. Write to Hon. John Rhodes, Minister of Transportation and Communications for Ontario, Queen's Park, Toronto. Ask what role his ministry is playing and let him know your feelings on the potential impact of this problem. Ask for a public meeting on the plan for this road. They did it for the Barrie bypass. Oh, yes, be sure and ask that the meeting be open to the public and that it be held in Haliburton County. Ingoldsby Church would be a good spot.

3. Contact the warden of the county and your reeve. They would be pleased to serve you I am sure. Try to see the chairman of the

county road's committee. He has a tougher spot. He has to work with the county engineer, or consultant. The accelerator pedal will be located somewhere in this area perhaps.

4. Ask for a copy of the plan of the road and the new bridge from your district engineer (Provincial employee) and the county engineer and a statement to date on the budget allocation for this project. Not just the county's share. Keep a record of their replies or non-replies.

5. Write the Ontario Minister of the Environment, Hon. William Newman, Queen's Park, Toronto and ask for a ministerial report on gravel quarrying in the Ingoldsby area and for the application of proper controls under the Pits and Quarries Act. He handles dump permits and inspections as well.

6. Hon Claude Bennett, Minister of Industry and Tourism for Ontario is always vitally

interested in preserving and promoting the scenic attractions of the Province.

7. Call or write your MPP, Glen Hodgson. He may feel it's a local matter. But it isn't. The Province will probably pay 100 per cent of the bridge destruction cost and the balance of the whole project, that is, gouging out the hills, filling in the fishing hole, cutting down the great white pine beside the bridge and hacking off the front lawns to make Haliburton fun for cars and a hazard for people. He's at Queen's Park too.

8. For information on environmental impact Pollution Probe, University of Toronto, can be addressed.

If Premier Davis says "cities are for people" does he mean "the countryside is for cars"? The only way to find out is to ask him.

Joseph A Curtin,
Ingoldsby

Turkey Vultures in Renfrew County

By J.A. Simpson

A few weeks ago, Wilbert Remus and John Simpson, two employees of the Ministry of Natural Resources, had the distinct pleasure and excitement in sighting a species of bird that is fairly rare in this part of the country. The bird in question was the huge turkey vulture, or buzzard as it is sometimes known.

The two turkey vultures seen by Wilbert and John were spotted in Raglan Township south of Palmer Rapids in the south-west corner of Renfrew County. Luckily enough the two birds were perched in a dead

tree about a hundred feet away so there was no mistaking their identity. Turkey vultures have also been reported around Calabogie further east in the county.

The adult turkey vulture is about the size of an eagle with a wingspan of about six feet. The head of these birds is very small in relationship to the rest of its body. The head of the adult is red in colour. Young birds however have a black head.

These birds are most often spotted soaring high in the sky in search of carrion on which they feed. They can be distinguished from

the eagles at these heights by the small size of the head and the rather slim tail as compared to eagles. Also, while soaring, the wings of the turkey vulture are held above the horizontal while those of the eagle are usually horizontal.

Although considered by some as repulsive and ugly, one cannot help but be impressed in sighting a turkey vulture for the first time.

The Young Years

a serial by Eileen Caines

The names of the people in this story have been changed, but the story itself parallels closely the life of an elderly lady, who, when I was a child, would take me on her knee and tell stories.

The old lady dozed, and nodded, in her rocking chair. The child on her lap slept, curled in a ball, like a kitten. The bright faced young woman coming into the room, smiled, crossed over, and lifted the sleeping child from the old lady's lap. "Thank you Granny, I'll put him in bed. Time for your own nap", she said.

"Eh, what, yes child". The old woman roused a little, then, as the younger woman carried the child from the room, settled back in her chair, and dozed again. Soon she slept, and as she slept, she dreamed.

Four miles upriver, from the small settlement the cabin lay. It stood in a clearing, by the river bank. Tall pines stood guard over it, and at night the wind whispered soothingly, through the tall branches.

A sturdy, snug little cabin, built of logs. Four rooms it had, a kitchen, small cozy "sitting room", and two small bedrooms. The fireplace, in the living room, Jeb had carried every stone for it. Packed them in with the longboat canoe, gathered from hither and yon. Every stone laid with care. The mantle a good stout slab of oak, rubbed, and polished.

Yesterday, from the same longboat canoe, packed with food staples, and gear, has been Florrie's first look at the cabin. Down river a way from the cabin, Jeb had stopped paddling. "Eh, Lass, there she be", he had said. Florrie had fallen in love with the little cottage, even from the canoe, out on the water. To her, it looked like a haven of peace, and security.

She remembered the long

trip to Canada, by ship from England. An orphan at thirteen, she had come with the family of a distant cousin. No other course seemed open to her. For two years she lived with her cousin's family, going to school when she could, but more often helping out, at home.

At fifteen, she "hired out", to whatever family could afford to pay a small wage, for her services. Then came the night of her seventeenth birthday. At a dance, in the small community she had met Jeb.

Jebson Blake, the son of a trapper, followed in his father's footsteps. Not for Jeb the mundane existence of "town" living. To follow

his trapline, trapping only those animals which were plentiful, and then only enough to make him a good living. In summer, he made and sold snowshoes, made from deer hides, which he himself dried, and prepared. Also his longboat canoes were always in demand.

Thus insured of a life which left him free, to roam the woods, follow the call of the wilderness, Jeb was happy. The mutual attraction between Jeb and Florrie, soon blossomed into something much deeper.

Life with Jeb, as he explained to Florrie, would be a lonely existence. Their only access to "town", town being the small village of about three hundred souls,

was by water. All their provisions, which they could not provide for themselves, would mean a four mile trip, via the longboat canoe.

Jeb's life, as he explained it to her, appealed to Florrie. Being away from town held no fear for her. To have the man she loved, own their own home and land, this was the important issue, to Florrie.

As for being alone, through the days of winter while Jeb followed his trapline, wasn't she strong and healthy? He would, she reasoned, be home at nightfall. And, if she wised, on bright sunny days, she too, could don snowshoes

and go with him.

For protection, be it from man or beast, was the dog Rex, Jeb's big white husky. The husky, trained by Jeb from a pup, instantly responded to a look, a gesture, and obeyed. Rex, Jeb's constant companion since puppyhood, would now give Florrie, since she too belonged to Jeb, his love and loyalty. From the first meeting, the big dog had sensed it was his duty to guard and protect the woman creature, who now belonged to his master.

With the canoe safely landed, Jeb took Florrie's hand and led her to the cottage. As she examined every room, Florrie knew she would be happy here. I was more, much more than she had dared to hope for. They carried her belongings, and their provisions from the canoe, happily and busily arranging things on shelves, and in cupboards, they made plans for their future, and life together.

"It must be you married me to get yourself a cook, Jeb Blake, for you've no need of a cleaning lady", teased Florrie, looking in delight at the spotless cabin. "Eh lass, that's it for sure", grinned Jeb, "that, and the pretty window curtains you've got there".

The next few days, "the honeymoon period", were spent in what Jeb called womanly fashion, fixing the cottage to Florrie's liking. Putting up brightly coloured gingham window curtains, changing furniture arrangements, all with Jeb's grinning approval.

In the black earth of the clearing, behind the cottage they planted a garden. Jeb enclosed it with wire, to keep out woodchucks and rabbits. Along the sides of the cabin, flower seeds were sown, as well as numerous beds in front, facing the river bank.

Though Florrie loved the cottage, she had yet to learn that it's location was a tribute to Jeb's skill as a woodsman.

The river flowed into a neary lake, and a small rapid, near the cabin, kept ice in winter from forming too solidly. Thus they were assured of an easy access to swiftly moving fresh water. Clear, unpolluted, and icy cold.

On the outer edges of the clearing, and down to the river bank, the area was heavily wooded, with dark green spruce. Moss grew thickly everywhere, a vast carpet of green.

The different variety of birdlife fascinated Florrie. Robins, whiskey jacks, kingbirds, crossbills. Loons and mallard ducks were abundant. Deer and moose inhabited the area. Fish swam the river in great numbers. Thus they were always assured of fresh meat.

Florrie's washing of clothing was done in square galvanized tub, and rubbed on a corrugated wash board. Jeb carried water from the river, and it was heated in a copper boiler, on the wood stove.

Summer's warm days past pleasantly. Occupied with themselves, the garden and

daily activities, they were busy and happy. Cutting wood for the long winter ahead, and piling it handily near the cottage, took up a lot of Jeb's time.

He was also engaged in enlarging the cellar under the cottage. Entrance to this was accomplished through a trap door, in the floor of the kitchen. This would keep supplies cool in summer, and would not allow vegetables to freeze in winter.

But it was not all work. Many lovely days were spent fishing, and exploring the waters. Enjoying the beauty of nature's near perfect scenery. All that marred the wonder of summer in the north woods were the black flies and mosquitoes. The best remedy for these pesky creatures was to keep a good smoke pot going outdoors. Or paddle upriver and out in the lake, far enough from shore.

Florrie belonged to the pioneer spirited women in her thinking. Where her man chose to live, that was a woman's place. Even had she not cared for Jeb's chosen life, she would cheerfully have accepted it.

In summer when Jeb shot a deer, for a change of meat menu, from fish or fowl, Florrie would can what they could not eat. This was done by packing the meat, cut in small chunks, in sealers and boiled in water, in the copper boiler.

When the long, lovely, insect free days of Septem-

The Young Years

ber came they harvested the garden crop. Dug potatoes and placed them in earthen pits, in the cellar. Covered with earth they would keep well, during the winter. Carrots, turnips, etc. were also harvested this way. Vegetables like beans and peas, Florrie had canned as they were ready.

Plans for the planting of apple trees, the next spring, were discussed. Florrie wanted to try strawberry plants, and raspberry canes. Wild blueberries they picked from the rocks, above the lake. These too she canned.

Their only visitors during the tranquil summer days, had been the many different species of birds. Animals, such as deer, moose, black bear, they saw often. And the smaller inhabitants, squirrel, rabbit, woodchuck, porcupine. In the waters, muskrat, beaver, otter and mink.

The only human they encountered was the odd fisherman, paddling past the cottage, with a wave, and a loud "Halloo".

Then came the beautiful days of October. The soft maples, surrounding the lake, beyond where the river flowed, burst into flame.

Scarlet, and varying shades of rust and orange, interlaced with the green of the spruce.

Paradise on earth Florrie and Jeb knew then. Free of biting insects, the days warm and golden, the nights brisk and clear. Soon came the wild geese, and ducks, heading south on their long journey. Great flocks of them, hundreds, thousands in number, landing on the lake, to feed and rest.

Long before the first snows fell, Jeb had his traps ready. The toboggans waxed, and leaning by the cabin wall. The dog, Rex, was full of excitement now, for he knew what lay ahead. The lazy summer was fast coming to a close, and his work too would soon begin.

Florrie never tired of listening to Jeb, in the cool evenings, as they sat by the fireside. Telling her of the rules of nature he would say, "When a man traps, he must never take all the beaver from one creek or river. If there are no beaver, pretty soon there is no water. If there is no water, there can be no trout, no fur, no nothing. And the land, and all it's living creatures will die".

This was true he told her, of all the fur bearing animals he trapped. Though trapping meant his living, he took only a certain number each year. In this way he explained, if every trapper heeded nature's way, the land would always yield it's bounty. Though the word "conservation", was not heard to often as we know it now, certainly he practiced it.

Early one bright, sunny morning, Jeb and Florrie set out for town. This would be their last trip for supplies, until after freeze up. When the river froze, he told her, it would be nothing to go into town. "Just hitch Rex to the toboggan, and we'll skim over the snow and ice fast as you please", he said.

Two days they spent in town, visiting and getting supplies together. Flour, sugar, tea, such items as could not be grown.

On the third morning as they made ready to leave for home, Jeb had a surprise for Florrie. Another big white husky, a replica of Rex, only this time, a female. "Now you will always have company", he told her.

Florrie was elated, and promptly named the dog

Snowball. Now she would be able to accompany Jeb on the trapline if she wished. If she tired of snowshoeing, she could relax on the toboggan, for the dog was trained to harness.

On the return trip, as they came round a bend in the river their little cabin was in sight. Florrie, giving a happy sigh, turned to Jeb, and said, "The trip to town was fine, and it has been good to talk with old friends, but I'm glad to be home again."

Once the animals were caught too, fur was much easier transported back home, in this manner. She was to learn trapping was work, hard work. Not just the walking, the snowshoeing, but also the skinning and stretching of the fur.

The days and nights grew colder now, and snow fell. Florrie was to learn how valuable and actually necessary to Jeb's way of life, the big dogs were. Setting out the traplines for example, was much easier with traps and bait loaded on a toboggan, and pulled by one or both dogs. Much easier, than a load of heavy traps slung over a man's shoulder, to be carried miles on snowshoe.

The Scent of Death

The lady camper was overcome with pity as she considered the fawn at her feet. She couldn't resist its soft bleating and those big, brown, trusting eyes, so she knelt and cradled it in her arms. Thus, the kind lady became the fawn's executioner. As soon as the baby deer was cuddled in those sympathetic arms, it was the "scent of death" - the human scent which spells DANGER to keen animal noses.

Animals seldom, if ever, abandon their offspring without good reason. The mother of this seemingly deserted fawn was just out of sight, feeding on some

leaves before returning to care for her young one. When she came back, her sensitive nostrils picked up a hostile odor. Her baby was tainted. The mother instinct was replaced with fear and a strong desire for self-preservation. She would no longer nurse this sudden liability but leave it by the trail to die.

On another occasion, a Ministry of Natural Resources Conservation Officer, who was patrolling a northern Ontario river, looked towards the shore and saw tow hunters; nothing unusual here, except one was holding a moose

calf while the other photographed it. The officer immediately beached his canoe and gave the young men a one-minute lesson in conservation but it was too late: the small moose died when its mother did not return.

Then there was the case of a family who, while driving along a wooded country road, almost hit a bewildered fawn. It looked so frightened and forlorn they took pity on it, and thinking it would make an interesting pet, put it in the car and headed for home. However, they found that no formula agreed with the young deer which died of starvation; some perish from dysentery.

Besides the harm done to young animals through human contact in the wilds, there is also the danger of contracting rabies from the animals. The animal may

appear "friendly" and approach unhesitatingly, while in reality it is suffering from this disease.

If captured young animals are lucky enough to live until adulthood, they can become a general nuisance and even dangerous. There have been a number of cases of so-called "tame" deer striking out viciously with sharp front hooves if agitated. Kindness to young wildlife may unwittingly cause a quickened death; indeed, many young animals have had their death warrants signed by pitying campers or hikers.

It is contrary to regulations to keep wild animals unless a special permit is obtained from the Ministry of Natural Resources. A wise policy is "leave and let live," as human contact could make an animal one of nature's untouchables.

Haliburton Personals

Mr and Mrs Curry Whittaker and family have returned to Haliburton for the summer months.

Mr. and Mrs. Doug Joss, Wendy and Martin of Harrogate, York, England, are spending a vacation with Mr and Mrs Jim Inglis.

Mr and Mrs Dale Lee of Toronto were recent visitors to Haliburton.

Mr and Mrs Erven Hoxie of Toronto were visitors to Haliburton over the past weekend.

Miss Debbie Gartshore of Oshawa is holidaying with Mr and Mrs Basil Boice.

Miss Edith Black of Toronto was a visitor here over the weekend.

Mr David Brodhagen and children of Whitby were recent visitors with his mother Mrs. Evelyn Brodhagen.

Mr and Mrs Ross Smyth, Heather and Ian of Burlington and Sharbot Lake spent the week with Mr and Mrs Russell M. Dart.

Mrs Hilda Kellett spent the holiday weekend with her family in Bramalea. On Sunday the Kellett family from all parts of Ontario came to Burlington to the home of Keith and Yvonne Brown for a farewell party for Diane and Michael Wilson, Ngaire and Peter who are leaving to make their new home in New Zealand.

Carnarvon News

Mr and Mrs Clifford Archer and family of London were guests of the Archers at Matabanick.

Mr and Mrs Wm. Staveley and Debbie, of Toronto, also Mrs. Major from Dundas, were holiday visitors with Mrs. Stutt.

Our deepest sympathy is extended to the Harvey family, Jill, Scott and Janie in the loss of their mother.

Mr and Mrs Vanderwall of

Toronto were guests of their son in Carnarvon on the weekend.

Mr and Mrs Jim Deacon and family, also Mr and Mrs Verge of Ottawa were guests of Mrs Hussey this week. Mrs. Verge is Mrs. Hussey's grand-daughter.

We welcome back to Carnarvon the tourists and cottagers, and hope that they all have a good summer while here.

The Bobcaygeon Road

In this year of 1974 it would be of interest to take a look at the early Colonization Roads of Haliburton County in their Centennial year celebrations. With this in mind I have found through research on early Government books and documents the following brief history:-

THE BOBCAYGEON ROAD - Generally the location of existing Highway 649 north of Bobcaygeon Village, then #121 to Kinmount to Minden Village and then follows much of Highway 35 to Dorset village northerly.

In the year of 1867 we find the following comments in the Report of the Commissioner of Crown Roads for the year ending December 31st: - **BOBCAYGEON ROAD** - From the village of Bobcaygeon to the Muskoka River, in the Township of Franklin, 65 miles - cost about \$50,000.00. This road may be pronounced a good

one, to a point about 4 miles above the Peterson - 45 miles - some improvements are still required to render it fit for travel to Muskoka River.

In the year of 1873 the comments were as follows: - **BOBCAYGEON ROAD** - Repairs have been made on this road from the village of Minden towards the Peterson Road intersection, a distance of about ten miles, consisting of drainage, removing stones, repairing crossways and raising the grade of the road. Expenditure \$942.02.

In the year 1874 the comments were as follows: - **BOBCAYGEON ROAD** - The work upon this road this season has been:- 1st. Repairs between the village of Kinmount and the village of Minden. 2nd. Reconstruction of a bridge lying between Minden and the Peterson Road intersection. These improvements have been carefully and well done. The length of road repaired exclusive of the bridge is 11 miles. The amount paid on account of \$1,485.80.

In the year 1876 the comments were as follows: - **BOBCAYGEON ROAD** - General repairs on this road were commenced on the north-west side of Gull River, and have been extended to the intersection of the Peterson Road, 9 miles. Some considerable portion of the distance where the land is low and subject to inundation during spring freshets, has been raised with brush and earth. The roadbed has been stoned and graded to the centre. Expenditure \$972.00.

In the year 1877 the comments were listed in the following way: - **MUSKOKA AND BOBCAYGEON ROAD** - Repaired eastward from Huntsville 6 miles. Expenditure \$753.45.

In the year 1878 the comments were as follows: - **BOBCAYGEON ROAD** - The improvements on this line consists of 5½ miles of repairs made from the intersection of the Peterson

Road between Stanhope and Minden, to the centre of the former township. The road was wretchedly out of repair and quite impossible for loaded vehicles, rendering a considerable expenditure necessary to make it travelable. The repairs have been of the usual character embracing in the distance one moderate size bridge. Expenditure \$1,028.52.

In the year 1879 there was a comment on the Cedar Narrows Bridge which is part of the Bobcaygeon Road - **CEDAR NARROWS BRIDGE** - This bridge is built at the outlet of a small lake, which empties into Trading Lake upon the Bobcaygeon Road. This bridge is built in a very superior manner. It is built sufficiently high to admit the small steamer that plies between a mill situated some distance above it and the village of Baysville about 2 miles below the western end of the Lake of Bays. The bridge is 200 feet in length, the span is 60 feet and is supported by a king post truss. Expenditure \$1,052.25.

BOBCAYGEON ROAD - No. 2 - Some repairs have also been made south of Kinmount Village. 7 miles have been improved on this section by grading, drainage and repairs of crossways. Expenditure \$272.02. - **BOBCAYGEON ROAD** - NO. 1 - The work on this road is done in two sections - First, commencing at the village of Kinmount and extending to the Village of Minden, twelve miles and Second, commencing at lot 20 in the Township of Stanhope, North of the Peterson Road and ending at lot 30 in the same township, 2½ miles, in all 14½ miles. This work is reported as being well done, especially the greater distance between Kinmount and Minden. Expenditure \$2,051.79.

Also in the year 1879 there was a comment on the Stanhope Road which is considered a branch of the Bobcaygeon in the Township of Stanhope - **STANHOE ROAD** - This short road commences to the north of the Peterson Road and terminates on lot 10 in the 4th Concession of the above township, a distance of 3 miles. Expenditure included in Bobcaygeon Road No. 1.

In the year 1880 the comments were as follows: - **BOBCAYGEON (NORTH) ROAD** - The repairs in this instance are from a short distance north of the Village of Minden, northerly to the Peterson Road, 8 miles; and again the point where work was ended last year, five miles northerly to Black River, where, from the unsound condition of the bridge it was considered absolutely necessary to renew it, which was

accordingly done. This bridge has a centre span of forty feet, and approaches of 190 feet, or a total length of 230 feet. A bridge was also built over a stream on lot 32, the centre span of which is 32 feet, and its entire length 297 feet. The report upon this work speaks highly of the manner in which it was done. Expenditure \$1,628.48. - **BOBCAYGEON ROAD SOUTH** - From the north boundary of Verulum, these repairs began and were continued northerly 6 miles. Rock was in some cases removed, by blasting from hills of excessive gradient. Expenditure \$271.23.

In the year 1881 the comments were as follows: - **BOBCAYGEON ROAD** - Repairs were made on this leading highway from Black River bridge in Ridout township to lot 27 concession A of Sherborne, 5 ¼ miles; and in addition it became necessary to expend above \$500 in repairing 3½ miles which were seriously damaged by bush fires between Kinmount and Minden. General repairs were also made from Kinmount southerly for 3½ miles, making total repairs of 12¼ miles. Expenditure \$1,709.13.

In the year 1882 the comments were as follows: - **BOBCAYGEON ROAD** - Repairs began at Kinmount and extended 4 miles southerly. This is rough road requiring repairs both north and south. Expenditure \$219.05.

In the year 1883 the comments were as follows: - **BOBCAYGEON ROAD** - Repairs began about 8 miles north of Minden, and were continued for 6 ¾ miles and again from the north boundary of Harvey Township to Silver Lake, 3 miles, also from Kinmount southerly 5 miles. Expenditure \$703.63.

In the year 1884 the comments were as follows: - **BOBCAYGEON ROAD** - Repaired from Kinmount northerly towards Minden 7½ miles, and from Silver Lake in Galway, northerly towards Kinmount, 5 miles. Total repairs 12½ miles.

In the year 1885 the comments were as follows: - **BOBCAYGEON ROAD** - Repairs begun at the north boundary of Harvey and continued south two miles. Some other repairs were made about four miles north of the aforesaid boundary, on what is known as "Limestone Hill". Expenditure \$405.11.

In the year 1886 the comments were as follows: - **BOBCAYGEON ROAD** - Three miles of repairs in the township of Harvey, southerly from one mile south of its north boundary. Expenditure \$313.20.

Hall's Lake News

Sunday last was a special Memorial Day at St. Stephen's Church, Boskung, and there was a good attendance. The Rev. Thomas Gracie of St. John's Church in Bowmanville was the Guest Speaker and since he was a former Rector at St. Stephen's he met many old friends and acquaintances as well as newcomers and visitors. Mrs. William Gartshore played the organ and Mr. Raymond Oliver and Mr. Wm. Mole received the collection, which goes toward the upkeep of the Cemetery.

We welcome Don. A. Hall, A.A.C.I. to his new office here at Hall's Lake. Don's three sons, Peter, Larry and Mark are taking over many of Don's duties with Beatty-Hall Construction Company Limited in Burlington which leaves Don free in his new field of handling real estate appraisals in Haliburton, Muskoka and surrounding areas. Don and his wife are here at the Lake much of their time but still actually live in Aldershot, Burlington.

The Rev. Stanley B. Hills, his wife and family are visiting at their cottage again. Their daughter Beckie will soon be graduating as a Registered Nurse and expects to be married this Fall.

Although the weather was rainy and unsettled and a little on the cool side over this long weekend, still hundreds of people arrived to spend time at their cottages and at the camping sites. So once again we are starting into another busy Summer with more and more people "escaping" the City life.

Euchre goes on each Monday night at Club 35 starting at 8 PM and YOU are invited, also Bingo Night is every Wednesday at the

same hour so these should provide a "night out" for regular members and Summer visitors. Club 35 is right on the Highway beside the Esso Station.

Some folks are taking advantage of the advance voting in the city so they won't have to go back for July 8. Cottagers are not allowed to vote twice of course, and can only at their place of residence.

Mr. and Mrs. Imason of Oshawa visited with Mr. and Mrs. Murray McGuire over the long weekend.

Mr. and Mrs. Robert Hunter of Burlington were guests here over the weekend, having brought

Miss Patricia along to work for the summer.

The Coffee Club made up of Daniel Regan, Dr. George Morrow, Dr. Bruce Morrow, David MacLennan, Rev. S.B. Hills and Stephen Fletcher has been meeting at 8.30 each morning, enjoying coffee, home-made bread and conversation, picking up their Globe and Mail and Hamilton Spectator News papers.

Just a reminder about the Gay Nineties' night at Hyland Crest. This Thursday a large crowd is expected to attend and the Auxiliary will be on hand to serve hot dogs and doughnuts.

Mr. Melvin White from Lindsay, who has a Summer Home on Twelve Mile Lake is back for his 25th Summer. He always drops in early for a cup of tea and a chat whenever he is in this vicinity and we look forward to seeing this Senior Citizen each year. His home in Lindsay is next to the late Hon. Leslie Frost.

The Hyland Crest Gay Nineties Party was a success despite the big black cloud and the deluge of rain which forced everyone to run for shelter. Fortunately, the big Auditorium, the Lounge, the Dining Room, the Craft Room and just every area of the Home was filled with happy people and the Programme went on stage instead of on the lovely lawn at the rear of the Home. The Guests were given the opportunity of seeing both the outside and the inside of Hyland Crest and many complimentary remarks were heard.

Mr. and Mrs. Robert Cairns, their daughters Jane and Kathryn and son Robbie are at their cottage on Peach Lake. Mr. Cairns bought his cottage site from the Crown 21 years ago, and Mrs. Cairns has been coming up for 17 years.

Mr. and Mrs. Peter Theisen and son Elmer enjoy as much time as they can at "Val Halla" on Welsh Lake.

Congratulations to Mr. and Mrs. Grant Montgomery upon the occasion of their 25th Wedding Anniversary! On Saturday approximately 50 relatives and friends arrived from various points to help them celebrate and the weather allowed them to enjoy a lawn and beach party. Their daughter Cathy and sons Don, Doug, Tom and Bob, all helped to make it a success and a surprise for their parents.

Once again our Anglican Parish of Minden, which includes Boshkung and Maple Lake is losing its Incumbent, the Rev. Andrew Hutchison, who will be leaving shortly to take up a new charge in Mississauga. Andrew will be sorely missed but we wish him happiness in his new charge.

The road from below Carnarvon to Minden is the subject of much talk this Summer and the dust and pot holes leave much to be desired. Everyone thought this stretch of road would be completed this spring and it is somewhat of a disappointment to find it as it is.

We see highway men picking up bottles and cans

and papers and cutting down long grass on their property elsewhere but there are areas around Hall's Lake which never get a look, on Highway 35 in public view. We try to encourage customers to put their papers and garbage where it belongs in a container supplied, but resent having to cut the grass and clean up the property beyond our grounds each summer. It leaves much to be desired in an approach to a place of business when the summer comes and goes without a good clean-up job.

We notice Aunt Sarah's Lookout is still on the new Centennial place mats. Dozens of people come in and ask where it is and of course we can tell them where it used to be, but the Chamber of Commerce has been asked to either make it a Lookout point or take it off its list of places to see. Right now it is just an overgrown field with so many tall trees between it and the view that there is no sense to the idea of a Lookout, or a nice place to stop for a picnic, as it used to be. We tell them about the Hawk River, but often they are heading north and won't leave the highway.

The old fashioned dresses and suits at the Gay Nineties party were fun to see, as was the old ice-cream maker and Candy sticks. We thought the banners and decorations were attractive and the choir and Pipe Band looked elegant marching across the green lawns with their gay tartans. Bill Scott in his attractive grey suit with tails and top hat, accompanied by his pretty

wife was his usual genial self. Grace and Lorne Coburn who also run the Tuck Shop at the Home were doing a great job convening the Party and looked smart in their period costumes.

Professor Rothwell from University of Guelph has been spending the odd week at his cottage here at the Lake, along with his daughters and their families. He will be leaving for England to visit relatives shortly.

Rosemary Stinson has arrived safely in Sydney, Australia, having flown there from Auckland, New Zealand on the 21st of June. She reports the winter there is cool and damp and the houses not adequately heated.

The Stanhope Firemen's Ball held last Saturday night at Carnarvon, at Medley's, was a big success. Around 200 people attended and a delicious buffet supper was served later in the evening. All those who contributed prizes & food are certainly deserving of a big "thank you" and those who worked so hard to make it a success.

Mr and Mrs Stephen Fletcher are holidaying at "Mapledene"; their son Phyllip and his school chums used the cottage during the school holiday break.

Mrs. Oliver had as a luncheon guest one day last week a newcomer namely, Mrs. Dawson, and will be a guest on Monday at Mrs. Dawson's home.

The Firemen were called out to a fire this Sunday afternoon when a tree fell over a hydro wire.

Obituary

Elsie Pritchard

Elsie B. Pritchard was the daughter of Elizabeth Kyers and Hugh Coulter of Minden Township.

Her school days and early life was spent in this township. On Oct. 9th 1917 she married Laurence A. Pritchard and for several years they lived at the Pritchard Homestead and later on a farm in Minden township.

In Spring 1926 they moved to the village of Minden, where she resided until her death on May 30th. 1974.

Elsie Pritchard was regular in attendance at the church of her choice during her entire lifetime, and very active in the Women's Society of the United Church.

Three children were born to this couple, Lena wife of Chesley House now residing in Burnaby, B.C. Doug living in the home town Minden, and Marjorie wife of Gerald Loughheed now living in Barrie, Ont. The funeral from Welch funeral home on Sat. June 1st was well attended showing the high regard in which the deceased was held. The sympathy of the entire community goes out to the surviving members of the family.

Minden Recreation Committee meet

The Sixth Meeting of the Minden Recreation Committee was held in the Minden Community Centre, Thursday, June 27, 1974 commencing at 8:00 p.m.

Present were Norman Harrison, Chairman, Lloyd Harrison, Vice-Chairman, Richard Parisotto, Secretary-Treasurer, Members-A. Coneybeare, M. Welch, Brian Sisson, Arena Manager, Councillor Shirley Brandon.

A. Coneybeare-M. Welch: That the minutes of the meeting of June 11, 1974 be approved. Carried.

Three tenders were received for the operation of the food concession.

R. Parisotto-L. Harrison: That the tender of Invergordon Foods be accepted as agreed and that the necessary agreement be drafted. Carried.

The Committee viewed the operation of the circulatory fans and discussed the proposed alternatives for the ventilation system.

R. Parisotto-L. Harrison: That we recommend to Council the installation of one intake fan at the south end of the Arena, two exhaust fans on the sides and ten circulatory fans.

Carried.

R. Parisotto-M. Welch: That we purchase the stage portions, wiring and panel box from Bittergreen Productions for \$230.00 on condition that the stage will be erected for their use for the balance of the contract. Carried.

L. Harrison-R. Parisotto: That the Secretary-Treasurer contact the Kinsmen Club for the donation that he be authorized to purchase the stage. Further, that if the stage cannot be obtained, that the Committee immediately arrange for construction of same. Carried.

R. Parisotto-M. Welch: That the rental fee for the use of the stage be established at \$30.00 per day and further the rental fee for use of the wiring be set at \$10.00. These fees shall become effective immediately. Carried.

R. Parisotto-L. Harrison: That the rental rate for use of the rink area be set at \$150.00 per day. Carried.

The Concession Report for May was received and reviewed.

L. Harrison-R. Parisotto: That we do now adjourn. Time 10:40. Carried.

Township of Monmouth Financial Statements

December 31, 1973

Auditors' Report

To the Members of Council, Inhabitants and
Ratepayers of the Corporation of the
Township of Monmouth.

We have examined the 1973 financial statements of the Corporation of the Township of Monmouth. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion these financial statements present fairly the financial position of the Corporation of the Township of Monmouth as at December 31, 1973 and the results of its operations for the year then ended, in accordance with accounting principles generally accepted for Ontario municipalities applied on a basis consistent with that of the preceding year.

Gems of Truth

HONEST TOIL

The problem of capital and labour of our day is largely the result of indifference to what Scripture teaches about it. No master has much problems with a truly converted employee since his motive of service is higher than once born mankind. The believer lives both in time and in the eternal and recognizes that he labours for a higher master than man, even the Lord Jesus Christ, and living unto Him he cannot be slothful or dishonest in his daily vocation. Such persons are always in demand for service as masters never have cause to censure a truly converted person for absenteeism, slackness or dishonesty. The believer who feeds and builds his life upon the Word of God never will be found guilty of laziness or trying to gain unearned time for there is no book in all the world that condemns idleness and so consistently demands diligence in ones service to others. Paul says it this way, "not slothful in business, fervent in spirit, serving the Lord". Romans 12:11.

When God created man with all his powers and capacities He meant those powers to be exercised and only by labour could man continue to live. Though Jehovah God gives the harvest, Psalm 145:15,16, man has to till the ground, sow the seed and reap the crop. If a man is slothful his ground yields weeds and he will soon starve, Proverbs 24: 30-34. There can be no harvest without labour. God

will not tolerate idleness. "If any man would not work neither should he eat" 2 Thessalonians 3:10. Do not the problems of our present society stem from just such a disregard for a way of life that is Scripturally sound. God has the answer and certainly the Son taught thoroughly by word and action that to live a life of idleness upon the fruits of other men's labour is unjust to them and furthermore is physically, morally and spiritually harmful to the idler.

SCRIPTURE

MEDITATION: "And whatsoever ye do, do it heartily as unto the Lord, and not unto men; knowing that of the Lord ye shall receive the reward of the inheritance; for ye serve the Lord Christ. Colossians 3:23-24.

News from Minden

Christine Lazier plans to attend the 50th Wedding Anniversary of Mr and Mrs Seymour Thomson at Gray Rock Port Carling on Thursday where they will have a buffet supper.

Sincere sympathy to families and friends of the late Mrs A. H. Livsey, and Mrs Harry J. Cowan (Lennie) whose funerals were since last week.

Visiting Mr and Mrs Ern Voycey on Saturday at their cottage at Redstone Lake were Mr and Mrs Phil Robinson of Minden and Mr and Mrs Roy Rogers of Orillia, and Mrs Gifford Hollinshead of Toronto.

For youngsters who have nothing to do there is Supervised Playground at the Public School weekdays both morning and afternoon, until August 23.

There was a Family Gathering at the Lyman Cox home on the weekend on the occasion of their wedding anniversary and also Basil Cox's birthday.

Minden Minor Hockey are having a Bake Sale this Saturday on the Main

Street, or in Stedmans if weather is unfavourable and all hockey mothers are asked to contribute. The Hockey Players will also be out selling tags on Saturday, so support our local sports.

Mr and Mrs James Dean would like to announce the christening of their son Gregory Russel James Dean by Rev. A Hutchison, and thank him for the lovely service on Sunday.

Charles Lazier of Toronto spent a few days with his mother Mrs C. Lazier.

Mr and Mrs Bill Negus of Lindsay were Sunday guests with Mr and Mrs Phil Robinson.

Weekend guests with Mr and Mrs M. Sears included Muriel Ewing, Chris and Scott, and Ron Joyce, all of Toronto and Mr and Mrs Paul Warburton and Jeremy of Richmond Hill. Scott and Chris are staying on for a holiday with their grandparents.

Ruby and Weldon Popp are honeymooning on the Gull River. We wish them happiness and we know they will enjoy the Highlands.

IMPORTANT PROPERTY OWNERS

M.L.S. means Multiple Listing Service through a Real Estate Board. There are approximately 43 Real Estate Boards in Ontario. You may list your property through any one of your choice, however, it is only common sense to list with the Board in your own area. By doing so you will obtain the best results.

The reason is, of course, that most brokers in your area belong only to the local Real Estate Board. The brokers in your area are most likely to sell your property.

When you have a property to sell, list it with a broker displaying the REALTOR symbol and make sure he is a member of the LINDSAY-HALIBURTON REAL ESTATE BOARD

Death Notices

MACDONALD, Harry - Entered into rest suddenly, June 26, 1974 at Civic Hospital. Harry was in his 48th year. Youngest son of the late Kenneth and Sara MacDonald of Haliburton. Beloved brother of Hugh, Tressa and Agnes. Interment at Evergreen Cemetery, Haliburton.

In Memoriam

HOGG - In loving memory of a dear Husband and Father, Oliver, who passed away July 2, 1969. He is gone but not forgotten, And as dawns another year, In our lonely hours of thinking Thoughts of him are always near. Days of sadness still come o'er us, Many think the wound is healed. But they little know the sorrow That lies within the heart concealed. Sadly missed by his wife Bertha and family.

STAMP - In loving memory of our dear father and grandpa, Everett, who left us on July 8, 1970. Beautiful memories are treasured ever Of happy days when we were together. Remembered always by son Glenn, daughter-in-law Shirley, grandchildren Mara, Aldo and Glenda.

Notice

The Haliburton and district Association for the Mentally Retarded wish to announce the winner of the Coloured Television drawn June 29, 1974, by Dale Jarvis, trainee at the Sheltered Workshop was: Mr. John Consack of Haliburton. The association wish to thank all those who supported this project.

Thank-You

We wish to express our deepest appreciation to our family, relatives and friends for their acts of kindness, floral tributes, cards and donations during our recent bereavement in the loss of a dear wife, mother, grandmother and great-grandmother. Also thanks to the Pallbearers, and John Welch & Son Funeral Home, Rev. Hutchinson, W.A. of Minden and W.A. of Carnarvon. Special thanks to Dr. Good, Dr. Chapman, all nurses of the Haliburton Red Cross Hospital. Mr. Harry J. Cowan and Families.

The family of the late Harry MacDonald would like to express their sincere appreciation to friends, neighbours and relatives for their messages of sympathy, floral tributes and donations to the Canadian Diabetic Society and other thoughtful deeds during his recent illness and death. A special thanks to the ambulance drivers, doctors and the nurses of the Haliburton Red Cross Hospital and the Civic Hospital in Peterborough.
